MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Clark Investigation

1. It was agreed at the meeting of your Clark Commission Coordinating Committee that you should discuss the forthcoming investigation at next Tuesday's IAC meeting.
2. I suggest that you point out the impossibility of examining CIA without reference to the intelligence community and the intention of Mr. Hoover in using the phrase "and kindred intelligence activities" to empower General Clark to look at the U.S. intelligence effort as a whole.
3. You could then appropriately announce that you had named Mr. Kirkpatrick as chairman of your coordinating committee and request the members of the IAC to designate individuals of appropriate seniority as points of contact for coordinating the IAC requirements in connection with the investigation.
